ACHIEVEMENTS & AWARDS

Samsung Innovation Campus Program — Basic Coding & Programming (Python, 4 months)

OBJECTIVE

EXPERIENCE

Old Mutual Limited | Mutual Park, Pinelands

I am an application developer who enjoys combining tech skills and creativity to build user friendly websites and apps. I work with various programming languages and tools to deliver mobile and web applications. I have experience managing databases and creating intuitive interfaces. I'm committed to continuous learning and staying up to date with emerging technologies. I value teamwork and strive to deliver software solutions that meet user needs and improve digital experiences.

September 2024– Present

Quality Assurance & Developer
(Manual & Automation)

· Participating in software quality assurance processes across various teams.
· Conduct manual and automated tests to identify bugs and performance issues.
· Collaborating with developers and business analysts to ensure requirements are met.
· Gaining exposure to Agile methodologies and sprint planning.
· Manual testing conducted using Xray (Jira test management tool).
· Automation implemented using Playwright with TypeScript.
· Skills Gained: Manual Testing, Automation Testing (Playwright, TypeScript), Xray, Jira, API Testing, IU Validation and Kafka, Test Case Design, Agile (Scrum), Regression Testing.

CapaCiTi (UVU Africa) | Cape Town

February 2024 – September 2024
Software & Automation Testing

· Software testing fundamentals and best practices.
